NO DECISION REACHED

Rate Question Considered by Trio of Governors.

WILL COME UP IN FUTURE

Much Time Was Consumed on Passenger Rates as Affecting Georgia, Alabama and North Carolina—All Pleased with Progress Made.

Atlanta, Nov. 4.- With the issuance of a formal statement declaring that the conference had been most satisfactory and that arrangements had been made for co-operation in the investigation of facts and law connected with the duty of the states to the public and the transportation companies, but with no announcement as to any definite agreement as to the passenger or freight rates to be charged, the conference between Governor B. B. Comer, of Alabama; Governor Robert B. Glenn of North Carolina, and Governor Hoke Smith, of Georgia, adjourned at an early hour Friday night.

However, all concerned were well satisfied with the progress made during the session. The chief executives of the different states are not yet done with the question and at an early date will ttake it up among themselves by communication with the intention of arriving at some decision.

Special reference was given to passenger rates as affecting the three states and practically the entire time of the session was devoted to discussion along this line.

Ask for Rate Increase.

Just before the conference began a letter, signed by a score or more merchants in Atlanta, was handed to Governor Smith asking that a flat rate of 2 3-4 cents be put on in Georgia and other southern states materially increasing the present rate in effect.

Peculiar Situation.

It is a peculiar situation faced by the conference. North Carolina has a flat rate of 2 1-4 cents a mile, fixed by the general assembly of that state, and which can neither be altered nor changed again. Governor Comer, of Alabama, has recently signed an agreement with the Southern and other allied lines accepting a flat basis of 2 3-4 cents a mile, effective Dec. 1, which is binding on both parties, while Georgia, under the railroad commission order issued during the Terrell administration and which is being operative, provides a sliding scale of from 3 to 2 cents.

From this it seems there is a wide chasm dividing the three states on this subject.

Governors Comer and Glenn left for their homes Friday night after the adjournment of the conference.

HEAVY VERDICT RENDERED.

Former President of Wabash Must Pay Large Sum, It Is Said.

New York, Nov. 4—A verdict of $589,000 against Joseph Ramsey, Jr., former president of the Wabash railroad, in a suit brought by John S. Jones, a financier and coal land operator, was handed down Friday in the supreme court.

Mr. Jones sued George J. Gould, William E. Guy and Mr. Ramsey as individuals, to recover $460,000, which he alleged to be due him from the three defendants for securing for them 50,000 acres of coal lands in southern Ohio. A part of the money sued for, according to Mr. Jones, represented sums advanced by him in payment for the land and the rest included his commissions, expenses and interest.

Justice Coff held that neither Mr. Gould nor Mr. Guy were liable, and the verdict consequently was rendered only against Mr. Ramsey. It represented the full amount of the suit, plus costs and interest since 1902.

Rewards Offered.

Montgomery, Ala., Nov. 4—Governor Comer has offered a reward of $100 for the arrest and conviction of Rachael Watson and William Mayberry, of Lauderdale county, and Walter Anderson, of Greene county, all charged with murder.

DID LEHMAN SUICIDE?

Man Answering Capitalist's Description Seen to Jump in River.

New Orleans, La., Nov. 4—While members of the family of Gustav Lehmann, Sr., wealthy New Orleans capitalist, and the head of one of the largest wholesale dry goods houses in the south, who disappeared several days ago are not inclined to accept the theory of suicide, plans are being made to use dynamite in an effort to raise the body of a man who was seen last Wednesday to jump into the Mississippi river and disappear in the swift current.

If this body can be recovered it will either confirm or refute the declaration of two negro women who, when shown a photograph of Mr. Lehmann, said he was the man they had seen jump into the river. Their first description did not tally, however, with Mr. Lehmann's personal appearance.

There appears to be a small chance of recovering this body.

The bodies of those who are drowned in the river at New Orleans are carried down stream in the swift current and rarely ever appear again nearer than far down in the parish of Plaquemine and are usually swept on into the gulf of Mexico, where they are seen by the crews of fishing vessels and fruit ships and later found to answer descriptions of persons who had disappeared here weeks before.

MACON PUBLIC BUILDING.

It Is Now Almost Ready for Occupancy.

Macon, Ga., Nov. 4.—Contractors now in charge of finishing work on the new federal buildnig in Macon are, within a very short time, to turn over to the public one of the handsomest structures in the south. The last stroke on the exterior of the structure has been made.

The artistic marble work has been done and as soon as the interior can be finished the building will be ready for the officials in the postal service and in the other departments. Offices about the postoffice and in the department of the United States court will be beautifully finished. Furniture and fixtures will soon be in place, and Judge Emory Speer and other officials will be able to occupy offices, it is hoped, by the end of the year.

The new building presents a beautiful appearance, fronting on Mulberry street on the old site of the federal building. It is already being highly prized by the United States government officials who will have handsome business homes in the interior.

BIENNIAL MEETING.

Board of Bishops of the M. E. Church Assembles at Spokane.

Spokane, Wash. Nov. 4—The biennial meeting of the board of bishops of the Methodist Episcopal church opened its work here Friday with 12 bishops present from all parts of the civilized world.

The bishops were entertained at a banuet in the new First church Friday night.

Bishop William Burt declared that "Romanism in Roman Catholic countries is simply paganism, and is not to be judged by conditions here. On the continent the work of our church meets with great difficulty, because there is comes face to face with these beliefs."

Alabama Vets To Meet.

Montgomery, Ala., Nov. 4.—General George W. Harrison, commanding the Alabama division, United Confederate Veterans, has issued the order for the state reunion to be held in Montgomery on Nov. 13 and 14. The order is made public by Colonel Harvey Jones, adjutant general and chief of staff. Each camp will be entitled to one delegate for every 20 active members and every camp may have as many as two. The headquarters of General Harrison and his staff will be at the New Exchange hotel.

Waterways Convention.

Birmingham, Ala., Nov. 4—At a meeting of the Commercial club here Friday a waterways convention was called to be held in Birmingham Nov. 18. Mississippi, Alabama, Tennessee, Georgia and Florida will be asked to send delegates.

CENTRAL STOCK SOLD

Road, It Is Said, Has Been Purchased by Harriman.

THORNE GETS PRICE HE PAID

Harriman Has Plans For the Road in Connection with the Illinois Central Lines—Will Give His Lines Another Outlet to the Atlantic.

New York, Nov. 4.—According to the Times, Saturday, E. H. Harriman was the buyer of the Central of Georgia stock sold last week by Oakleigh Throne and Marsden J. Perry and he has plans for the road in connection with the Illinois Central lines.

The two roads connect at Birmingham, Ala., and the possession of the Central of Georgia will give the Harriman lines another outlet to the Atlantic.

A close associate of Mr. Harriman when uestioned regarding the purchase of the Central of Georgia by that capitalist remarked that Mr.

EDWARD H. HARRIMAN.
Head of Union Pacific, Southern Pacific and other railroads.

Harriman had not been idly watching recent events. The Times says further that in the recent annual report of the Illinois Central, Nov. 1 was fixed as the date on which its lines to Birmingham were to be completed and that with that date comes the news that Mr. Harriman's influence in southern territory is to be extended beyond Birmingham eastward to the Seaboard at Savannah and westward by way of Chattanooga, Birmingham, and Montgomery.

It is known that Messrs. Thorne and Perry paid about $3,600,000 for the $5,000,000 of Central of Georgia stock which they purchased last summer at the Richmond Terminal reorganization committee, and it is presumed in the financial district, the paper says, that the Harriman interests took over the road at not far from the same figure.

ARRESTS CAUSE SENSATION.

Prominent Men Indicted in Connection With Tobacco Depredations.

Nashville, Tenn., Nov. 4.—A dispatch from Clarksville, Tenn., to the the Banner says that Dr. Thomas Hoskins, George Saunders and Jones Cross, three prominent citizens of Montgomery county, have been arrested on the charge of scraping plant beds and pulling up tobacco.

The indictment of the men is the outcome of depredations which have occurred in the county during the past few months, in which a large amount of tobacco was destroyed and many threats made.

All of the men arrested are prominently connected with the Dark Tobacco Growers association. The arrests have caused much excitement.

$12,000 Table Sells for $110.

New York, Nov. 4.—The second day's sale of the furniture of ex president McCurdy and other officials of the Mutual Life Insurance company brought in $27,000. The total amount received at the two days' sale was about $55,000. The directors' table at which the elder McCurdy presided for many years, and which cost the company $12,000, sold for $110.

THIS MAN WAS GRATEFUL.

For Meal Given Him When Broke Sends Benefactor $1,000 Bill.

New York, Nov. 4.—On Christmas eve, in 1893, John McNulty, a man in moderate circumstances, while returning to his home aided a beggar who stopped him on the street and applied for alms. The man insisted on getting his benefactor's name and address, saying that some day, perhaps, he might be able to show his appreciation.

McNulty thought no more of the matter until Friday night when upon returning from his work he opened a letter which had come for him and found enclosed a thousand dollar bill and a brief letter which read:

"Dear Sir: Enclosed you will find $1,000 in payment for your kindness and your merry Christmas given to me nine years ago when I was broke and wanted a meal. I have traveled considerably in many places since that night but I have always remembered your kindness. Take this and use it. Believe me, yours, P. F."

McNulty has no idea of the identity of the grateful man.

The letter was mailed from the financial district in this city.

CONSTITUTIONAL PROHIBITION.

Question May Come Up at Extra Session of Alabama Legislature.

Montgomery, Ala., Nov. 4—Dr. W. B. Crumpton, head of the Anti-Saloon league in Alabama, is authority for the statement that an attempt, which promises success, will be made at the extra session of the legislature to establish constitutional prohibition in the state. He is quite sure that it will be no trouble to pass a bill for prohibition and thinks it will be equally easy to have permission given to vote on a constitutional amendment to that effect.

Dr. Crumpton also made it very plain that the league is going to make the fight for a general prohibition bill at the special session. He does not think such determination is a violation of any pledge implied or otherwise made with regard to the local option and other bills passed at the other two sessions.

DAUGHTERS OF CONFEDERACY.

Georgia Division of the Order Elect New Officers.

Augusta, Ga., Nov. 4.—Officers were elected Friday morning for the Georgia division of the Daughters of the Confederacy. It was the decision of the convention to erect the Wirtz monument at Andersonville, as was decided at the Macon convention two years ago. The question, however, provided a lengthy discussion. The treasurer of the fund for the monument reported $ .465 in hand and $50 additional promised.

Five Accused of Murder.

Linden, Ala., Nov. 4.—At the conclusion of the preliminary hearings that have run over three days, the five well known farmers accused of the murder of Luke Bradford were held in jail without bail. The accused are Bert Huckabee, his son Wiley Huckabee, and Sam Ford and his sons, Spencer and William. The boys confessed that they killed Bradford for his money three weeks ago, but swore their fathers were not implicated. Bradford was a hermit farmer of Octagon, who had considerable money. His body was terribly mutilated. All of the persons are well known in west Alabama.

Fire on Norwegian Bark.

Pensacola, Fla., Nov. 4.—With her cargo of 500 sacks of kainit on fire and the crew exhausted from fighting the flames, the Norwegian bark Barossa, from Huelva for Pensacola, was towed into port Friday. Tug boats immediately went to the rescue of the vessel and got the fire under control. The fire was caused by spontaneous combustion, and while the vessel has probably not been damaged to a great extent, the damage to the cargo will probably be heavy.

Will Tackle Vanderbilt.

Nashville, Tenn., Nov. 4.—The Michigan foot ball team arrived here Friday morning on a special train, accompanied by half a hundred rooters, for a great game of football.

The girl's head was almost torn off.

LAST QUARTERLY CONFERENCE.

A Most Interesting Session, Which Showed Church in Good Condition.

The fourth Quarterly Conference of the First Methodist church was held on Monday morning, Rev. Francis R. Bridges, presiding elder, in the choir.

There was a good attendance of the official members, and the reports showed that all departments of the church work had made good progress during the year. The Sunday school, Epworth Leagues, and the Missionary Societies are all larger than ever before, and doing excellent work. New members have been constantly coming into the church during the year, and up to date there have been 167 accessions for the present year.

The financial report by the Stewards showed that their obligations are being promptly met, and the church finances are in good condition.

Mr. H. L. Phifer was re-elected Sunday school superintendent for the next year, and W. L. Floyd assistant superintendent.

The following were elected Stewards: H. L. Phifer, F. Bayer, J. M. Dell, W. R. Thomas, W. R. McKinstry, R. K. Fagan, W. L. Floyd, H. Ramsey, W. M. Pepper, J. B. Padgett, J. A. Phifer, T. W. Shands, P. H. Rolfs, R. B. Peeler and M. Crews.

A SPECIAL TRAIN.

Officers of Atlantic Coast Line Making Tour of Inspection.

A special train on the Atlantic Coast Line passed through Gainesville from the South Saturday morning bearing President J. R. Kenley of Richmond, Division Superintendent M. Riddell of Jacksonville, and others.

The party has been on a tour of inspection of the road in the southern section of the State, and expressed themselves as being very well satisfied with the condition in which they found everything. They were joined here by Division Superintendent A. O. McArthur, who accompanied them to High Springs, where an inspection of the shops and yards was made.

"THE TOURISTS" IN PALATKA.

Manager Kalbfield Well Pleased With Opening of the New Theater.

Manager Lois Kalbfield, of the New Howell Theater in Palatka, writes The Sun to the effect that the playhouse enjoyed a most auspicious opening on Friday night of the past week, the bill being Shubert's "The Tourists." This is one of the most spectacular musical productions on the road, carrying seventy people and two car loads of special scenery, and a production which has never been seen south of Jacksonville before.

Manager Kalbfield writes that the event was a success in every way, which goes to show what can be accomplished if the advantages are afforded.

"Gainesville is a good show town," remarked Mr. Kalbfield. "The only trouble on earth is the absence of a decent play-house—a theater in which the big shows can work. There's plenty of business there if the people will only supply this demand, and, knowing Gainesville and the enterprise of its people so well, I cannot understand why some energetic citizen does not supply this need."

Mr. Kalbfield adds in conclusion that he proposes to give Palatka more good shows before the season closes, and says if Gainesville had a good opera house he would place this city in his circuit. It is up to some of our citizens of means to supply this demand which promises an excellent dividend.

PARK'S SHOW GOOD.

Thorns and Orange Blossoms Was the Opening Bill in Gainesville.

Notwithstanding that the tent is further removed from the business center by two blocks than on previous years, a large crowd greeted the opening performance at the big C. W. Park Shows last night, and all present expressed themselves as being delighted with the production of that popular play, "Thorns and Orange Blossoms," which was so admirably presented by the company.

There are several of the old favorites of the company here this year, among whom is Miss Tucker, one of the cleverest actresses who ever came South. Miss Tucker is a "show in herself," so well does she handle the various roles assigned to her, and she is a popular favorite here.

The Park's show is a favorite with Gainesville people, and is always welcomed here. They play for the week, giving a repertoire of good things.

The tent is located at the corner of South University and East Arlington streets, near the old Plaza Hotel lot.

The company will play tonight that thrilling story, "The Girl From the Golden West." This is one of the strongest and most pathetic plays of the repertoire, and one which should meet the approval of the people.

A BOOST FOR FLORIDA.

Mr. and Mrs. Hearst Tell Their Northern Friends of Glory of State.

In Mr. and Mrs. E. J. Hearst Florida has two staunch friends who never lose an opportunity to say a good word for the State. Mr. and Mrs. Hearst, who make their home in Jacksonville but have many friends here, have been in New York State on their annual visit for the past few weeks, and in The Coxsackie Union of November 1 the following appears:

"Mr. and Mrs. E. J. Hearst are guests of Editor and Mrs. Franklin at Hillside Cottage this week. Their short sojourn at Bloomingdale has more than ever convinced them that Florida is about the best place on earth to get to when Old Boreas begins to whistle his tune of frost and snow, and they will sail for that delightful State, which, in a few months' experience, they have learned to both appreciate and love. Mr. Hearst is doing a large business in Florida in school supplies."

Monday Was Rule Day.

Monday being the first Monday in the month, was the regular rule day at the court house, but the day passed off quietly, only a few papers in civil cases having been filed and acted upon. Judge Mason reported an unusual quiet day.

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the appoval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

GENTRY'S BIGGEST SHOW

Will Exhibit in Gainesville Tomorrow. Two Trains.

The biggest and best of the four shows owned by the famous Gentry Brothers will arrive in Gainesville tomorrow morning and will exhibit twice in this city, at 2 and at 8 p. m. The small boy and a great many of the older folks have been looking forward to the coming of the great trained-animal organization, with its hundreds of new and astonishing performances by dumb but educated beasts, and they will be immensely delighted when the two special circus trains arrive in Gainesville tomorrow morning.

The No. 1 of the Gentry shows, the one that will exhibit here tomorrow, does not depend upon its marvelous animal acts alone for popular favor, but offers two score of thrilling and sensational trapeze and acrobatic specialties. These acts are the greatest of their kind that have ever been presented beneath a canvas top. Some of the country's most accomplished aerialistic, acrobatic and jugling artists perform in the center of Gentry Brothers' Shows, they having been engaged especially for the Southern tour.

The menagerie carried by the Gentry Brothers Show, No. 1, is also a genuine treat. All of the beasts of the jungle and innumerable animals, all trained, may be seen free of charge by all who patronize the big show. One ticket will admit to everything, in other words.

The show will parade the streets of the city tomorrow morning at 10:30 o'clock, the procession leaving the circus grounds promptly at that hour.

In the Mayor's Court.

Monday's session of the city court was an unusually light one, which was the best evidence of the fact that everybody was "good" on Saturday night and Sunday.

The only cases to come before the mayor were the following:

R. E. Owens, concealed weapons, $25 and costs.

Julia Clark, fighting, $2.50 and costs.

Ophelia Reed, fighting, $2.50 and costs.

It appears that the two women became involved in a general row and hair-pulling, when Marshal Arnow was summoned and placed both under arrest.

Brown—Austin.

A quiet but happy wedding was solemnized Monday evening at 5 o'clock at the Tremont Hotel, when Miss Lillie, daughter of Mrs. Mattie Brown, was united in the holy bonds of matrimony to R. E. Austin of North Carolina, Rev. T. J. Nixon of the First Methodist church officiating.

Miss Brown is well known here, and has many friends among the young people who will extend congratulations.

Mrs. B. O. Snellar of Montbrook spent a few hours in town Monday, going from here to Santa Fe to visit her daughter, Miss Sarah Snellar, teacher of the Santa Fe school. While there she was the guest of Mrs. S. Bridges, South Gainesville.

Mrs. Walter Bradley and son, Wilson, of Norfolk, Va., have arrived in the city, and for some time will be guests of the former's aunt, Mrs. J. M. Spivey, and cousin, Mrs. R. B. Peeler. They expect to remain in this section of the State all winter, guests of relatives here and elsewhere.

H. J. Dempsey left yesterday for Tampa, where he will remain on business for the next two or three days. Mr. Dempsey recently came into possession, through a trade, of a handsome seventeen-foot naptha launch, which is now at Tampa, and which he will probably dispose of on this trip, as he has no use for the same.

Miss Alice Thomas, daughter of Mr. and Mrs. Minot Saunders of Gainesville, Fla., who has been the guest of Mrs. Franklin Crocket, Mrs. C. H. Guider and Mrs. James Stevens, is now the guest of her aunt, Mrs. Homer Sammis of New Canaan. Miss Thomas will return to this place on Friday and will remain until next Wednesday, after which she will go to Brooklyn for a visit with Miss L. B. Morehouse, sailing for Gainesville on November 20. Miss Thomas is a charming young lady and an accomplished musician, having just finished a course in the Conservatory of Music at Washington, D. C.—The South Norwalk (Conn.) Evening Sentinel.

FOOTBALL TODAY.

University and Rollins College Will Meet on Local Gridiron.

Today will be a banner day for football enthusiasts, as the team of the University of Florida and Rollins College will meet in contest for the State championship.

This game has been anticipated for several days with a great deal of enthusiasm by lovers of the game, as both teams are regarded among the best in the country, both are in full practice, and the result will be watched with a keen interest, as both are confident of winning.

The University boys have recently returned from Savannah, where they were crowned with victory over the Columbia team.

The game will be called at 3 o'clock, and it is calculated that a large crowd will witness the contest.

To Endow Professorship.

New York, Nov. 5.—The committee appointed by the National Association of Manufacturers at its convention in Boston last winter to raise $100,000 and endow a professorship of business ethics in the Yale Forest school has reported that the subscriptions to date amount to $67,500.

VALUABLE INFORMATION

Something Every Person in Gainesville Should Know.

Nearly three hundred years have passed since the medicinal, curative elements known to exist in the cod's liver were first discovered and recognized by physicians as a specific in the treatment of pulmonary and wasting diseases, and as a body-builder and strength-creator; but how to extract those medicinal elements from the oil in which they were enveloped, has been the study of some of the most expert chemists in the world.

Now, the process discovered by two eminent French chemists, Morgues and Gautier, should interest every person in Gainesville. By an extractive concentrating process they discovered a way to separate the tonic, body-building and curative elements contained in fresh cods' livers from their useless oil. By this process Vinol is made.

Because Vinol contains no oil, but embodies all the medicinal value of cod liver oil, with tonic iron added, it is fast superseding old-fashioned cod liver oil and emulsions. As a body-builder and strength-creator for old people, weak women, delicate children, after sickness, and for all pulmonary troubles, nothing has ever been known to excel Vinol. We ask Gainesville people to try Vinol on our offer to return their money if it does not give satisfaction.—W. M. Johnson, Druggist, Gainesville, Fla.

SHOPLIFTING.

Inside and Outside Thieves In the Big Department Stores.

The fixed charges of a department store must cover the loss of breakage and general destruction, the failure of goods to sell and theft. The cheaper stores suffer more seriously from thieving than the higher priced ones because their employees are less trustworthy. For years the proprietors estimated that their theft losses were due half to their dishonest employees and half to outsiders, but not one of them would venture to estimate the total. There is a curious standard of ethics among some of the employees. They do not regard taking articles for their own use as theft, whereas to take them for some one else, even a member of the family, is plain robbery. Almost never are these guilty ones prosecuted, even if they are detected and the proof is conclusive. They are discharged, of course, and notices are posted in the dressing room explaining the reason. But when an employee steals goods to sell and is caught arrest follows.

Professional shoplifters have been largely eliminated owing to systematic prosecution. By far the greatest number of thefts committed by outsiders are traced to women, usually reputable, who yield to a sudden temptation. Incidentally the newspapers never name a store at which a person is arrested for shoplifting for the simple reason that it would frighten away customers. A retail store on Broadway, New York, that did a large business was actually ruined by the publication of the details of several arrests within its doors.—Everybody's.

INVITE A TEST.

J. W. McCollum & Co. Ask Catarrh Sufferers to Try Hyomei on Their Guarantee.

J. W. McCollum & Co. invite all who suffer from any form of catarrhal troubles to get a Hyomei outfit from them with their absolute guarantee that if it does not give perfect satisfaction, the money will be refunded upon request.

There is no other treatment for catarrh that in any way resembles Hyomei, none that gives such quick, curative results and lasting satisfaction, no medicine that can take its place, none that can be sold on a guarantee like this—to refund the money unless it cures.

Catarrh is a germ disease and can be cured only by breathing Hyomei, so that the most remote air cells in the nose, throat and lungs are reached by its antiseptic healing powers. In this way all catarrhal germs are killed, the irritated mucous membrane is healed and catarrh is driven from the system.

This wonderful medicated air treatment does not drug and derange the stomach, but is breathed through a little pocket inhaler that goes with every dollar outfit.

The unusual way in which J. W. McCollum & Co. sell Hyomei attests their confidence in the remedy.

SERMONETTES

BY J. MARVIN NICHOLS.

A recent writer, in speaking of wedded joys, says that only two people live in this wonderful land—this world of just you and I. All its wealth of beauty—its unutterable joys—its pleasure-store of infinite happiness—all are their very own. Together they wander down its leafy lanes and tread its quiet paths hand in hand—together they drink deep of nature—together they enjoy every moment. The flowers shed the sweetest perfume. There is added minstrelsy from every feathered throat. Even the brook wakes to new life, and leaf and bough nod as though they knew. Of all men, he is the one God made—and she is the one woman. There is perfect confidence—mutual tastes and inclinations—gentle deference and sweet confession. Their souls respond to spiritual intuitions—their minds entwine as does the ivy and the oak.

There is such a land—this land of only you and I. If fate is kind and its promises once fairly won, that land is all our very own. And what transcendent joys! What sacred secrets—what wealth of possession! Thrice blessed that man and woman who have found shelter in its rose-bowers. Blessed are they who for even an hour have passed its portals, and those priceless moments live only in hallowed memory. Pity those who seem to have never known. And more must we pity those who once having known this land of only you and I would desert it for some dreamy world. Pity that person who finds the world only to discover a nameless hell.

I know a few intense heart-sufferers who never tell their troubles. They are rich conversationalists, but when you reach the border-land of their individual sorrows it's like the hush of death—in that region they are as silent as the tomb. Sometimes they appear stoical—they practice the doctrine of a silent sorrow like the fatalist does his creed. After all, what appears stoical to us may be their supreme Christianity. I want no higher religion than that which revolves around the art of forgiving and forgetting. Lock your sorrows up in the silence of your soul. Weep in the night if you will but smile when the sun shines again. Oh, if we would only forgive and forget! After all, however great the charm, at last it is too small to separate hearts when once they have loved at all.

If you haven't the time to exercise regularly, Doan's Regulets will prevent constipation. They induce a mild, easy, healthful action of the bowels without griping. Ask your druggist for them. 25c.

CUTICURA REMEDIES IN ALL PARTS OF PARISH

"My wife was taken badly with eczema for three years, and she employed a doctor with no effect at all until she employed Cuticura Soap and Ointment. One of her hands and her left eye were badly affected, and when she would stop using Cuticura Soap and Ointment the eczema came back, but very slightly; but it did her a sight of good. Then we complied with the instructions in using the entire set of Cuticura Remedies and my wife is entirely recovered. She thanks Cuticura very much, and will recommend it highly in our locality and in every nook and corner of our parish. God bless you for the sake of suffering humanity. I. M. SOUTHERN MAN CURED

Of a Terrible Eczema by Cuticura in Six Weeks.

"Some time ago I suffered terribly with eczema, and I had the best medical attendance, but the more medicine I took the worse it seemed to get. I kept on with medicine for about five weeks until I saw the Cuticura Remedies advertised, and I at once purchased the Cuticura Soap, Cuticura Ointment, and Cuticura Resolvent, but had not the slightest hope of them curing me. After I had used the first set of the Cuticura Remedies I saw the improvement, and in just six weeks my skin was as smooth as ever. I advise any one suffering from this terrible disease to use the Cuticura Remedies. Henry J. Stelljes, 132 Spring St., Charleston, S. C., June 12, 1906."

I tried Ballard's Horehound Syrup and have not had a sick day since. That's what it did for me." Sold by W. M. Johnson.

S.S.S. FORTY YEARS SUCCESSFUL SERVICE

When a medicine has stood the test for a period of more than two generations and is then more popular than ever, there can be no doubt of its merit. This is the record of S. S. S. Its period of existence is marked by a long line of cures of blood and skin diseases of every character, and its value in the treatment of such troubles has become so well known that it is today the most extensively used blood medicine on the market. For Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases and all other troubles due to an impure or poisoned condition of the blood, S. S. S. has no equal. It counteracts and drives out the poisons, humors and germs, cleanses the system of all unhealthy matter, cures the disease permanently and restores strong, robust health. Where the blood is weak or anaemic, and unable to furnish the body with the nourishment and strength it needs, S. S. S. supplies it with the healthful properties and acts splendidly in toning up and reinvigorating the system. It goes down to the very bottom of all blood disorders, and in this way reaches inherited taints on which the ordinary blood medicines have no effect. Not only is S. S. S. certain in its results, but it is at the same time an absolutely safe remedy. It is made entirely of roots, herbs and barks of known healing and curative value. It does not contain the slightest trace of mineral in any form to damage the delicate parts of the system, and may be used by children with the same good results and perfect safety as by older people. It is not an experiment to use S. S. S.—it is a remedy with a record and one that has proven its worth by its forty years of successful service. If you are in need of a blood purifier for any cause begin the use of S. S. S., write our physicians and they will send you a book concerning your trouble, and will give without charge any special medical advice that is required.

President Roosevelt will hardly go down in history as the insurer of property.

Hon. Pope Reese's effort to enjoin the State from paying over to the Tampa Fair authorities the money appropriated by the last Legislature has been thrown out of court on demurrer, much to the delight of the people of the Cigar City. If he had succeeded in his effort there would have been very little probability of the fair being held next February.

Goldring, a Pensacola saloon keeper, has been arrested for shipping whiskey to a dry county. State Solicitor Kehoe will make a test case of it, contending that under the new revenue law whiskey cannot be shipped into a dry county. If his opinion is sustained by the courts Florida will be about as dry as it is possible to make the State dry under local option.

The Fernandina Record says it has reliable information that the Governor will convene the Legislature in extra session about November 15th. It seems to be the general opinion that the Governor has only been waiting for the committee appointed to investigate the Internal Improvement Fund to make its report prior to issuing his proclamation for the extra session.

THE SENATORIAL SUCCESSION.

[Live Oak Democrat.]

Park Trammell is a determined man—once his mind is made up, not easily deflected from his purposes. He is a fully developed candidate for the United States Senate, and we may be sure that his canvass will be a thorough one. The Democrat has no prejudices for or against any particular candidate for that office and views them all with a serene impartiality. Mallory, Beard, Trammell—they are all good men, unimpeachable in their private lives and moral worth, all men of character and ability, but, of course they are not like peas in a pod and there is room for a choice. Later on, when the campaign gets warm, doubtless the State press will take sides, but it is yet too early for partisanship. A seat in the United States Senate is the most valuable gift, the highest honor which the people of Florida can bestow upon any citizen of the State, and obviously there should be very strong deserving and conspicuous merit in him upon whom this great prize is bestowed. It should be, and practically always has been in every State in the Union, considered the reward for high public service rendered to the commonwealth, and it is the rare exception to the rule when it is bestowed merely for the promise of the service. He must indeed be a brilliant and forceful man who can claim it on the latter ground. It has been urged against Mr. Trammell that he is quite a young man to aspire to so high a place, and while that is not, per se, a fatal objection, he will find it very persistently urged against him and he will have to make a strong case in the way of compensating qualities to overcome it. The United States Senate is the leading arena of high debate in the world, and "the ambassador from a sovereign State," as old Senator Morgan used to put it, who goes there, must have a very strong equipment of learning and force and trained abilities if he is to hold his own and bring credit to his constituents. The Senate is no training school for amateurs in statesmanship; it is the field of combat for seasoned gladiators, and the man who goes there without that seasoning will not figure prominently except at roll call, unless he has the force and brilliance and scholarship and hardened cheek of a Beveridge or a Randolph Churchill, or the unique equipment of a Tillman, to drive him to the front and compel an audience. As for platforms, we are all Democrats and none of the candidates will fail to get right on what is called the corporation issue. Justice to the people, and justice to the corporations—that covers the case and none of them could afford to say less. The Gainesville Sun is already in the field with the objection that Mr. Trammell is "not sufficiently experienced or ripe to occupy Mallory's seat," and we apprehend that this objection will confront him all the way through the campaign.

MANLY INDEPENDENCE.

Referring to General Albert W. Gilchrist's declaration in favor of local option as against State prohibition, The Tampa Tribune says:

"The Tribune cannot but admire the manly attitude of Albert Gilchrist in declaring against prohibition and in favor of local option as now provided in the State constitution. His conduct is in striking contrast to that of Jeff B. Browne, whose whole past life as a prominent club member and otherwise belies his recent utterance in favor of prohibition. Indeed, Mr. Browne's friends cannot fail to look with incredulity upon his recent pose as a teetotaler, and we believe he will be condemned for it at the polls.

"What is most needed in a candidate for Governor is a conscientious and fearless character—one who will command the respect of all, though some may not agree with every opinion he may hold. The vast majority are far more apt to support such a man than one whose sincerity may well be called in question; and we are free to say that of the three candidates who have so far announced, Gilchrist, Browne and Burr, the first named stands head and shoulders above the others. We believe that should not other candidates offer before election Gilchrist would go in by an immense plurality.

"As a matter of fact the question as to whether the Governor is a prohibitionist or not is not pertinent, as the Governor would have nothing to do with the submission of a prohibition amendment to the people of the State should it ever be done. As The Punta Gorda Herald declares very lucidly, 'The State prohibition question belongs exclusively to the members of the Legislature and to the people. Those who favor it should devote their attention to electing Legislators pledged to vote for submitting the desired amendment to the people. With three-fifths of the members so pledged, the amendment may be submitted to the popular vote and then the final decision is in the hands of the people.'

"The Tribune wishes to express to Albert Gilchrist its admiration for his honesty and fearlessness. They will win for him a host of new friends and bind those he now has more closely to him. Would that Florida's children were all of the same high-grade of intellectuality, sterling integrity and undaunted independence."

The Jacksonville Floridian remarks that Judge Oven of Apalachicola is another Congressional possibility, but as oven is such a good thing to cook a goose in as is probable that this one will be reserved for the roast of someone else."

GOT HIS HAIR BACK.

Was Perfectly Bald When He Started to Use Newbro's Herpicide.

Frederick Manuell, Maryland block, Butte, Montana, bought a bottle of Newbro's Herpicide, April 6, '99, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 20 days he had hair all over his head. On July 2 he writes, "and today my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroy the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, and finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

SOUTHERN CONDITIONS GOOD.

Bankers Sound a Strong Note of Confidence and Reliance.

Baltimore, Nov. 2.—eLtters from representative bankers of the south, written within the past ten days, sound a strong note of confidence and reliance rather notable at this time of stress in the money center of the country and of consequent uneasiness in other parts. Few of the letters undertake to view the south as a whole, but, dealing with neighborhood conditions as related especially to the cotton crop, they present an encouraging prospect generally.

From Atlanta comes the statement that the money situation in the south is favorable in comparison with other sections, as southern banks as a rule have placed themselves in good position to handle the cotton crop. In Georgia the manufacturers and merchants are thriving, the textile industry is in good condition as to future orders and cotton is bringing a remunerative price.

Banks at Wilmington, N. C., have larger deposits than ever before, the railroads are doing a large freight and passenger business and although in one or two lines some decrease in the volume of business is indicated, business is still healthy.

At other points, though money is scarce, legitimate lines of trade are being properly cared for and there is a prospect of good business for some months to come, in spite of a tendency to slow down. Over-trading and unwarranted expansion of credit have not prevailed to the extent as they have in the east, and while persons engaged in outside speculative operations have felt the tightness in money, no one has suffered materially for legitimate business needs.

As to the ability of the south to finance the present cotton crop, there is a general consensus that more or less money is needed from outside.

At present, if the crop were placed on the market all at once, there would not be sufficient available funds in the whole county to move it and neither the banks of the south alone nor the banks of the east alone are able to furnish the vast amount of money required to move the crop under existing conditions, and the good prices for it this year call for a greater amount of money than ever before. Conservative bankers are encouraging the growers to dispose of their crop gradually until their debts are paid, inasmuch as such a procedure helps the credit of the farmer and that of the retail merchant and assists the merchants and the banks in putting accounts into shape for an extension of credit the next season.

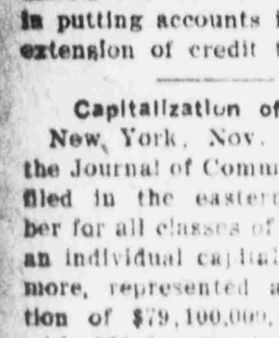
Capitalization of $79,000,000.

New York, Nov. 2.—According to the Journal of Commerce new charters filed in the eastern states in October for all classes of corporations with an individual capital of $1,000,000 or more, represented a total capitalization of $79,100,000, which compares with $76,000,000 in September and $138,550,000 in October last year.

Negro Hanged at Memphis.

Memphis, Tenn., Nov. 2.—Mose Walds, a negro, convicted of the murder of Frank A. Deering, his white foreman, was hanged at the county jail Friday.

The Cause of Many Sudden Deaths.



There is a disease prevailing in this country most dangerous because sole ceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

THEODORE HOOK.

Stories of the Greatest Practical Joker of His Day.

Of the list of geniuses the name of Theodore Hook is near the top. At sixteen he was making a big income and enjoying great popularity. His name was blazoned in the papers as a prodigy, his portraits were in the shop windows, and he had free admission to all theaters and other places of amusement. For years he was a social and literary lion. His last words were: "It is only to the grave that I must be carried. If my poor children were safe I would not care. I am suffering under a constant depression of spirits which no one who sees me in society dreams of."

Hook's practical jokes were the talk of the day. His intimates egged him on continually, and there was nothing he would stop at. One day they pointed out to him as an appropriate specimen for his museum a gilded eagle of enormous dimensions which had just been erected over a grocer's shop. A few weeks afterward while entertaining his coterie at dinner at one of the old taverns he ordered the "game" to be served. To the astonishment of the guests the waiter entered the room staggering under the burden of a dish of unusual size. On uncovering it there was produced the identical eagle which Hook as a practical joke had contrived to carry off. Merely for this sort of fun Hook used to pull off knockers and bell handles, carry away tradesmen's signs, overturn the boxes of sleeping janitors and do other deviltment until he had a roomful of household attachments and street ornaments.

One night Hook was passing a great house where there was a reception of the swellest of the swells. Dinner had just been announced. He said to the friend accompanying him: "John, I'm going in here to spend the evening. Call for me at 11 o'clock." The friend was horrified. Said he in protest, "You do not know these grand people, and you are not an invited guest." "That's all right. Call for me at 11." Knocking at the door, he gave his hat confidently to the lackey and was ushered upstairs. Entering the drawing room, he affected at first to have discovered his mistake and poured such sallies of wit that the host and hostess actually pressed him to stay for dinner.

At 11 o'clock, when his friend called, not knowing whether he would find Hook at the reception or in the lockup, he was more than astounded on entering the drawing room to see Hook seated at the piano delivering some extempore poetry to a bevy of the fairest women in the gathering. Perceiving the entrance of this friend, the practical joker, who had not hitherto divulged his name, arose and said:

"I'm very much pleased with your fare,
Your cellar's as good as your cook;
My friend's Mr. Terry, the player,
And I'm Mr. Theodore Hook."

The king, being present and full of enjoyment, took a great fancy to Hook and immediately appointed him treasurer to the island of the Mauritius with a salary of $10,000 a year.—New York Press.

CHARGES OF CONSPIRACY.

Woman Stenographer and Her Sweetheart Under $5,000 Bond.

Chicago, Nov. 4.—The Inter-Ocean says that secret service operatives are working to determine to what extent government secrets in recent cases of national importance have been sold by Miss Etta McLean and Alexander B. Gordee, who Friday were held in $5,000 bonds to the grand jury on charges of conspiracy and the theft of papers in the John R. Walsh case.

Discovery of papers relating to the Standard Oil trial, in the room of Miss McLean has led to the suspicion that she and her confederate may have disclosed government plans not only in the Walsh case, but in the cases against the Standard Oil, the Chicago and Alton and the schoolbook combine.

Miss McLean's position as stenographer in District Attorney Sims' office which she held since April, gave her ample opportunity to obtain copies of the most valuable papers in all these cases.

The fact that Gordee, her sweetheart, was able to live in idleness, dining at expensive restaurants for the past six months, has made it apparent that he had some secret source of income.

While the government officials feel confident they have unearthed a far-reaching conspiracy they have yet to learn its magnitude or to what extent its operations have injured government prosecutions.

HANGED HIMSELF IN CELL.

Convicted Man Preferred Death to the Penitentiary.

Statesboro, Ga., Nov. 4—After being sentenced to life imprisonment, Theodore Kositch the Russian who was convicted here Thursday for the murder of Mike Kaputch, a fellow countryman, carried out his statement that he would rather be hanged than to go to the penitentiary.

He broke a window sash and got the cord that holds the weights in the window, tied them to the top of the window, then placed the cords around his neck, and jumped to his death.

Large crowds assembled when the sentence was interpreted to him through Mr. Friedman, the interpreter. He remarked that he would not go and said he had rather die.

The sheriff cautioned the deputy to leave nothing in the cell for him to harm himself with, and did not think of the window cord.

It lacked 2 days of being 3 months from the time when Kositch killed his comrade within 25 yards of the same place and at the same time of the day. He was buried Friday afternoon. Attorneys had made application for a new trial.

Why your baby should be thin, and fretful during the night. Worms are the cause of thin, sickly babies. It is natural that a healthy baby should be fat and sleep well. Dies While Attending Service.

Monroe, N. C., Nov. 4.—Mr. C. Rothchild died in this city Saturday morning, while attending the Hebrew temple. Mr. Rothchild, who was one of Washington and Mr. Rothchild, who lived at 103 South Poplar street, was stricken when he suddenly fell and it is thought to have died of heart failure. Mr. Rothchild was 75 years old. He was well known and widely popular and his death was a great shock to all who knew him.

Cotton Held for 12 Cents.

Austin, Tex., Nov. 4.—It is announced at the office of the state board of trustees that the 1,000 bales of cotton raised by the convicts on the state farm for market on the Brazos Sunflower county, will be held. The trustees have come to the conclusion that they are not to sell in the depleted condition of the market, and declare their intention of holding their cotton for 15 cents and say will not sell for less than 12 cents.

Be Charitable

to your horses as well as to yourself. Your horses need not suffer from pains and hurt—your horses need not suffer. Try a bottle of Ballard's Snow Liniment. It cures all pains. J. M. Roberts, Bakersfield, Mo., writes: "I have used your liniment for ten years and find it to be the best I have ever used for man or beast." Sold by W. M. Johnson.

"The Blood is The Life."

Science has never gone beyond the above simple statement of scripture. But it has illuminated that statement and given it a meaning ever broadening with the increasing breadth of knowledge. When the blood is "bad" or impure it is not alone the body which suffers through disease. The brain is also clouded, the mind and judgement are effected, and many an evil deed or impure thought may be directly traced to the impurity of the blood. Foul, impure blood can be made pure by the use of Dr. Pierce's Golden Medical Discovery. It enriches and purifies the blood thereby curing, pimples, blotches, eruptions and other cutaneous affections, as eczema, tetter, or salt-rheum, hives and other manifestations of impure blood.

◉ ◉ ◉ ◉ ◉ ◉

In the cure of scrofulous swellings, enlarged glands, open eating ulcers, or old sores, the "Golden Medical Discovery" has performed the most marvelous cures. In cases of old sores, or open eating ulcers, it is well to apply to the open sores Dr. Pierce's All-Healing Salve, which possesses wonderful healing potency when used as an application to the sores in conjunction with the use of "Golden Medical Discovery" as a blood cleansing constitutional treatment. If your druggist don't happen to have the "All-Healing Salve" in stock, you can easily procure it by inclosing fifty-four cents in postage stamps to Dr. R. V. Pierce, 663 Main St., Buffalo, N. Y., and it will come to you by return post. Most druggists keep it as well as the "Golden Medical Discovery."

◉ ◉ ◉ ◉ ◉ ◉

You can't afford to accept any medicine of *unknown composition* as a substitute for "Golden Medical Discovery," which is a medicine OF KNOWN COMPOSITION, having a complete list of ingredients in plain English on its bottle-wrapper, the same being attested as correct under oath.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels.

Stork Busy at This Place.

Roebling, N. J., Nov. 4—President Roosevelt has granted this place a postoffice on account of the wonderful activity of the stork's whereabouts. A delegation of citizens called at the White House and told him that there has been births in nine-tenths of the 300 families since the place was established as a manufacturing center two years ago. Before the delegation got back home Mr. Roosevelt had abolished rural free delivery in Roebling by appointing A. L. Major postmaster.

Strike Over at New Orleans.

New Orleans, La., Nov. 4—Following a meeting of the Commercial Telegraphers' union here, at which it was voted to permit all operators to go back to work who so desired, officials of the union Friday announced that so far as New Orleans is concerned, the telegraph strike is a thing of the past. During the past twenty-four hours about 50 applications have been made to the two telegraph companies, but only about half the number have been reinstated.

More Gold for United States.

London, Nov. 4—The Bank of England's stock of gold was further depleted Friday by 320,000 pounds in bar gold and 109,000 pounds in American eagles which were withdrawn for shipment to the United States.
